Support at Home Common Price List

ADSSI Limited

The Australian Government requires all Support at Home providers to publish a Common Price List.

A Common Price is the price we most frequently charged for a service during the previous reporting period. These prices are updated regularly and help improve pricing transparency for participants and families.

Because Common Prices are based on historical service data, they may differ from the prices shown in your Service Agreement or our current Price List. If you have any questions about your services, pricing or contributions, please speak with your Care Partner or contact our Finance Team on 1300 578 478.
